Mine has been the life of an average American girl, who spent some years working in an office after graduation, in my case I worked 8 years in the National Shawmut Bank. Marriage and the birth of our daughter followed. Until my husband's retirement five years ago, our whole life together was spent in one house in Winchester, Mass. Upon his retirement, we transferred our legal residence to Maine and are now enjoying the fruits of our labors in an Early American farmhouse set in 35 acres of land, which had served as our summer home for many years. Our days pass pleasantly working in our gardens and entertaining friends in summer and in winter hooking rugs for the old house while my husband works at his hobby of silversmithing. Just an average, happy American family.

PEDLAR, MISS ALTHEA REBECCA (BECKY)

Deaconess Home, Concord, Mass. Happily retired! Kindergarten in my own home 3 years, playground work in Brookline, teaching lower grades at Baldwinsville Hospital Cottages for Children, then six years at the Perkins School for Blind, Watertown. Had to leave

high school before graduation because of poor health. Taking over Gladys Nettleton's Kindergarten started me on work with children. After parents' death, did playground work in Brookline, then on to Baldwinsville Cottages for Children, a favorite charity of the late Bishop Phillips Brooks, now discontinued. There a Field Worker, Mrs. Gleason, interested me in a one year special course under Harvard University Graduate School of Education, while living at Perkins School for the Blind. Thanks to my adaptability at handwork, I was accepted as a teacher in Manual Training, now Industrial Arts. Later I was given an adult special pupil, a registered nurse, who was exceedingly courageous in facing the prospect of no sight. In 1933 it was necessary for her to have a companion. We had been going together to Maine for five summers, so she felt safe in asking me to be the one to share her most happy home for over 20 years. After her death, I lived alone for 17 months and then was fortunate to come to this "Home, Sweet Home". I belong to the Helping Hand Group of West Concord Church and the Garden Group of the Concord Woman's Club. In 1932 I had a thrilling trip to England to visit my parents' relatives and they gave me a royal welcome and many happy memories. Automobile trips with Georgia Reynolds, of our Class, are recorded with cards and snapshots. Such delightful memories of Malden friendships have been lasting through all these many years.

Spent $3\frac{1}{2}$ years during World War II as Chairman of D.A.R.Canteen in Albany, sponsored by the Gansvoort Chapter, with the help of around 100 women, in shifts, each week, we

were able to feed almost a quarter of million meals at no charge during the war period. I'm Regent of Jonathan Hatch Chapter, D.A.R., on Library Board and Garden Club Board. PRATT, MRS. ALICE LETTENEY (Chester H.)

on Route #131, Tenants Harbor, Maine. Five children, 3 boys and two girls. 13 grandchildren, 3 boys and 10 girls. My occupation is home-making and my outside interests in church work. We will have 48 years of marriage behind us on June 15th this year. Everything has been important to me - I cannot tell how important it may seem to anyone else - the many different places we've lived, many wonderful friends we have made, our fine family growing all the time. It is all in the "between-the-lines" that has built up our 48 years of married life, the regular routine of daily living, high spots of fun, the low spots of tragic loss (one son) and the continued awareness that we are following His pattern. I feel like the one who said, "For years I thought I was in a rut, but now I've decided I'm just in orbit". Would like to join you all on May 24th, but my husband is not well. If any of you drive up our way and would be interested in looking us up, we would be happy to see you. Have a wonderful time, everybody.

In January 1958 I retired to become Resident Manager of "The Cambridge", this house of 72 apartments where I've lived for the past ten years, just 5 blocks from the White House. This retirement life of mine is the most active yet and perhaps the most interesting as well. Do give my warmest greetings to each and everyone and tell them that if and when they, or theirs, come to visit the Nation's capitol, my latchstring is ahanging away out, and my telephone number is Me 8-0868.
